

GMR Aero Technic Signs MoU with UUDS Aero to Establish Integrated Cabin Excellence Centre

Hyderabad, 14th October 2026: GMR Aero Technic (GAT), a leading aviation Maintenance, Repair and Overhaul (MRO) provider in India, has signed a Memorandum of Understanding (MoU) with **UUDS Aero**, a France-based aviation and aerospace company with EASA Part 21J Design Organization Approval (DOA) and Part 21G Production Organization Approval (POA), to develop advanced aircraft cabin interiors capabilities in India.

Under the partnership, GMR Aero Technic and UUDS Aero will work towards establishing an **Integrated Cabin Excellence Center** at GAT's Hyderabad facility. The collaboration will focus on the design, modification, certification, repair, retrofit, refurbishment, manufacturing, and installation of aircraft cabin interiors.

The partnership combines UUDS Aero's expertise in cabin interior design, engineering, certification, and production with GMR Aero Technic's established MRO infrastructure and operational capabilities. The initiative will support airlines and aircraft operators with comprehensive cabin interior solutions.

Speaking on the partnership Ashok Gopinath, President & Accountable Manager, GMR Aero Technic, said "Our collaboration with UUDS Aero is an important milestone in strengthening our aircraft cabin interior capabilities. By combining UUDS Aero's design and certification expertise with GMR Aero Technic's proven MRO capabilities, we aim to deliver high-quality, integrated cabin solutions to customers across India and international markets."

Ashane Gunaratne, Group Chief Technology Officer and Managing Director – Middle East, UUDS Aero, said "We are pleased to partner with GMR Aero Technic to establish an Integrated Cabin Excellence Centre in Hyderabad. This strategic partnership reflects UUDS Aero's long-term commitment to the Indian aviation market and brings together complementary technical strengths in cabin design, engineering, certification, manufacturing and MRO. Together, we aim to develop innovative, end-to-end cabin solutions, advance technical capabilities and create sustainable value and shared growth for our customers and both organisations."

This collaboration represents a significant step in expanding GMR Aero Technic's portfolio of specialized aviation services and reinforces its commitment to creating world-class capabilities within India's growing MRO ecosystem.

About GMR Aero Technic:

GMR Aero Technic, a division of GMR Air Cargo and Aerospace Engineering Ltd, is India's largest third-party MRO service provider. The company offers base maintenance for narrow body aircraft, specialized services such as structural repairs, avionics upgrades, component repairs and aircraft painting. It also provides line maintenance services in 14 airports in India and 1 in Nepal, serving a total of 50+ customers/airlines. This is approved by nearly 30 global regulators, including EASA, FAA, DGCA, and DGAQA. The GMR School of Aviation, approved by both DGCA and EASA, offers Aircraft Maintenance Engineering licenses and corporate training programs. It is set to serve as a Centre of Excellence for the aerospace industry, producing industry-ready engineers and technicians.\
